

# Allison Winston

## About Me:

I teach:  
6<sup>th</sup> Grade Judaica on  
Sundays

## Contact Information:

Please email me at:  
allisonwinston1@gmail.com

## My Classroom:

I expect my students to treat each other and the staff with respect, to actively participate in class, and to communicate with me or the Madrichim about any needs, concerns, or requests. I want all students to have a good experience where they feel included and can learn in the best way for them. No phones!

## Fun Facts:

- I rescued a toy poodle mix, Winnie the Poo-dle, two and a half years ago, and she is arguably the cutest dog in the world.  
- I am a social worker and work in homeless services. Some lessons on homelessness, tzedakah and social justice may get sprinkled in throughout the year :)

## What your child will learn this year:

The 6th Grade curriculum centers around the Holocaust and Israel. We'll start off the year learning about antisemitism and the events leading up to the Holocaust, focusing on stories of survival and strength. The students will participate in the Butterfly Project, where they'll have the opportunity to hear from a local Holocaust survivor. We'll then transition into Israel, focusing on some of its history, famous leaders, and the culture.
