

# WHAT PEOPLE *are saying*

## *Laura Handler*

For our family, Wildacres was the perfect way to build meaningful connections to Temple Beth El. We had an entire long weekend to spend with other members and get to know them through so many different activities - some purely fun (catching marshmallows in an ice cream cone), and some deeply vulnerable (discussions of hardships, mourning, and faith). The experience launched valuable relationships and we now look forward to attending every year. The programming is always so intentional, and the picturesque setting so restorative!

It is true! It is all true, everything you have heard about Wildacres! The connections, fun, programming, the view, you name it! My family had so much fun during our Wildacres trip. My kids enjoyed nature walks and playing games with friends old and new! My wife and I enjoyed all of the adult camp time, the healing service, and programming with TBE clergy and staff. I am forever grateful to Temple Beth El and Wildacres for the fun, memories, and friends we made!

"You can do as little or as much as you want." That's our sales pitch for Wildacres. Three generations of our family have been attending the Wildacres Retreat for the past 13 years. "Three generations" is significant because it represents the population of the attendees. Through our years at Wildacres we have become friends and bonded with the full spectrum of congregants. In addition to the scheduled programs, the unscheduled times have a large impact on the enjoyment factor. Daily happy hours, post-meal casual discussions, games on the patio, etc. make for a very fun weekend. It's also an opportunity to get to know our clergy and staff in a relaxed and unrushed environment. Every person that we recruited to Wildacres has had a great time. Become one of those people.
